### PERMIT CONDITIONS

USDA-APHIS issues this permit to Dr. Mark Schwarzlaender, University of Idaho, 606 Rayburn St. Plant, Soil and Entomological Sciences Department, Moscow ID 83844-2339. This permit authorizes the interstate movement of the *Puccinia thlaspeos* strain woad, the active ingredient in an EPA registered biopesticide, by the Permit Holder, Dr. Mark Schwarzlaender, University of Idaho, from Idaho to California, and further authorizes the release of *Puccinia thlaspeos* strain woad into the environment at specific sites in the State of California.

1. • This permit is issued by the United States Department of Agriculture's Animal and Plant Health Inspection Service (APHIS). It conveys APHIS regulations and requirements for the material(s) listed on this permit. It does not reduce or eliminate your legal duty and responsibility to comply with all other applicable Federal and State regulatory requirements.
  - The permit number or a copy of the permit must accompany the shipment.
  - You must be an individual at least 18 years old, or legal entity such as partnership, corporation, association, or joint venture.
  - You are legally responsible for complying with all permit requirements and permit conditions.
  - If you violate any applicable laws associated with this permit, you may face substantial civil or criminal penalties. We may cancel all current permits and deny future permit applications.
  - Without prior notice and during reasonable hours, authorized Federal and State Regulators must be allowed to inspect the conditions associated with the regulated materials/organisms authorized under this permit.
2. The permit holder must:
  - maintain a valid PPQ526 permit so long as the regulated materials/organisms are received, handled, and released,
  - take appropriate precautions to release regulated materials/organisms only at intended release sites,

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

- not assign or transfer this permit to other persons without APHIS PPQ authorization,
- maintain an official permanent work assignment, residence, or affiliation at the address on this permit,
- notify the Pest Permit Staff as soon as possible of any change in the permit holder's work assignment, residence, or affiliation,
- notify the Pest Permit Staff of the receipt of unauthorized and/or misdirected shipments of regulated materials/organisms.

Notifications to the Pest Permit Staff must be made via 866-524-5421 or [pest.permits@aphis.usda.gov](mailto:pest.permits@aphis.usda.gov) within one business day of the event triggering a notification.

3. All packages for transport must minimally consist of both inner/primary and outer/secondary packages securely sealed so that both are effective barriers to escape or unauthorized dissemination of the listed materials/organisms. The inner/primary package(s) will contain all regulated materials/organisms and must be cushioned and sealed in such a way that it remains sealed during shock, impact, and pressure changes that may occur. The outer/secondary shipping container must be rigid and strong enough to withstand typical shipping conditions (dropping, stacking, impact from other freight, etc.) without opening.

A copy of this permit must be placed with all shipments.

4. This permit authorizes the interstate movement of only *Puccinia thlaspeos* strain woad, and does not authorize other species.

All such organisms shipped must be directly from sources/localities within the Continental U.S. (excludes HI and territories of the United States); that is they must have been field collected from sites located within the continental U.S.

5. Identity of regulated articles intended for release shall be verified prior to packaging for shipment by a qualified or experienced individual familiar with the individual species.

After field collecting Regulated Articles authorized for interstate transport, the Permit holder must minimize the inclusion of extraneous plant parts, soil, or any other organisms, debris and other such items.

6. Host plant parts are authorized to be included in the shipments of regulated organisms. Shipments shall be free of propagative host plant parts as much as practical, except that propagative host plant parts are authorized to be included in the shipments of regulated organisms when these organisms normally live within a propagative plant part.
7. The permit holder and those designated are authorized to transport regulated organisms to California by motor vehicle.
8. The permit holder shall document and retain records of all shipments and they must be made available to Federal and State regulators upon request.
